INTEGRATED PC PLATFORMS

Combine Your PC and POS Peripherals Into A Customized POS Station With an MMF Integrated PC Platform IPCP:

- Easily attached to an IPCP cash drawer
- Complete integrated system that includes a peripheral platform for printers, keyboards, LCD screen and a garage housing to securely hold a PC, drives and/or CD ROM

IBM IPCP:

The IBM version houses your SurePOS System 300 and optional disc drives, CD ROMs or tape backups. The large surface area provides ample room for IBM or other "best of breed" peripherals.

NCR IPCP:

The IPCP for NCR provides enclosure for many different PC's and drives and attaches easily and securely to an NCR drawer. "Best of breed" peripherals can also be integrated to form a unified POS system.

IBM SurePOS 500 Platform:

This platform, designed to quickly attach to the MMF MediaPlus™ drawer, makes it easy to upgrade the cash drawer and use best of breed keyboards and printers with SurePOS 500/600/700 series.
